

UMAP-2

UMAP-1

Action conditions

- ★ No share: They eat only their own soups.
- ★ Low-risk share: They ask for two extra bowls, spoon some of their own soup into an extra bowl, and swap the extra bowls.
- ★ High-risk share: They put both bowls in the middle of the table and eat directly from each other's bowls, going back and forth between the two bowls.

Example alternatives

- ① They decide not to share their soups and eat from their own bowls
- ② One person eats their soup and then the other person eats the remaining soup from the first person's bowl
- ③ They could have poured some of each other's soup into their own bowls to try each other's without using an extra bowl
- ④ They ask the server for an extra bowl so they can divide one or both of the soups into separate portions to share
- ⑤ They take turns eating spoonfuls from each other's bowl
- ⑥ They take turns tasting each other's soup from each other's bowl
