Action conditions

- ★ No share: They eat only their own soups.
- ★ Low-risk share: They ask for two extra bowls, spoon some of their own soup into an extra bowl, and swap the extra bowls.
- ★ High-risk share: They put both bowls in the middle of the table and eat directly from each other's bowls, going back and forth between the two bowls.

Example alternatives

- ① Christina and Tanya ask to share a spoon or take turns tasting each other's soup from their own bowls
- ② They decide not to share their soups and eat from their own bowls
- ③ Ask the server for an extra bowl so they could split each soup into two portions
- ④ One person could have given the other a small amount of their soup to try, without using an extra bowl
- ⑤ take turns eating from each other's bowl, but using their own spoons
- ⑥ One person pours some of their soup into the other's bowl to allow them to try each other's soup
