

UMAP-2

UMAP-1

### Action conditions

- ★ No share: They eat only their own soups.
- ★ Low-risk share: They ask for two extra bowls, spoon some of their own soup into an extra bowl, and swap the extra bowls.
- ★ High-risk share: They put both bowls in the middle of the table and eat directly from each other's bowls, going back and forth between the two bowls.

### Example alternatives

- ① They decide to share one of the soups by pouring some of it into the other person's bowl
- ② They decide to stick to their own bowls and don't share their soups
- ③ Christina and Tanya ask to share a spoon or take turns tasting each other's soup from their own bowls
- ④ Ask the server for an extra bowl so they could split each soup into two portions
- ⑤ They take turns eating spoonfuls from each other's bowl
- ⑥ They take turns tasting each other's soup from each other's spoons
