Action conditions

- ★ No share: They eat only their own soups.
- ★ Low-risk share: They ask for two extra bowls, spoon some of their own soup into an extra bowl, and swap the extra bowls.
- ★ High-risk share: They put both bowls in the middle of the table and eat directly from each other's bowls, going back and forth between the two bowls.

Example alternatives

- ① Offering each other a taste from their own bowls without using extra bowls
- ② Not sharing their soups at all, eating only from their own bowls
- ③ One person offers their soup to the other to try, without expecting to share the other's soup
- ④ They ask for an extra bowl to share or split each other's soups
- ⑤ Christina and Tanya share their soups by tasting from each other's bowls
- ⑥ Not sharing due to the wait for extra bowls
